Sabine Zweig & Philippe Beaufour
creators of SuryaSoul®
www.suryasoul.com

They have been teaching and moving human souls worldwide since 2004 in international retreats, festivals, congresses, events and Teacher Trainings. Sabine has been living with a chronic lymphatic condition since birth which has required her to spend time in hospitals and clinics. Dance, Yoga and Meditation have become a healing journey for her after following the call of becoming an inspiration for many people. She is also an architect and designer by profession.

Philippe traveled to India when he was 28 years old to start a new life in Auroville, the international project on human unity created in 1968. Trained in Taoist martial arts, his vision is to connect these movement forms to music. They are living in Auroville/India and Hamburg/Germany for more than 30 years.

Come and join their shining Love for Life.
